

CyberPro CP-K100 HDMI v2.0 M/M 10m

Description

HDMI is the most popular cable for connecting all different types of audio and video devices. It is the solution for people who prefer a universal cable to connect their Blu-Ray or DVD Players, Play Stations, X-Box's, PC's, Monitors, HDTV's, Home Theatres, Projectors or any other devices which have an HDMI port. Our HDMI cable designed molded and strain-relief, which makes it more durable and strong compare to our competitors' cables.
